NEW YORK STOCK MARKET QUOTATIONS

In the World of Finance and Trade

STOCKS AGAIN WEAK: WHEAT HITS \$2.793-4

Submarine Boat Makes New High. Irregular Trading Still Continues in Draft Bill Affects Market.

Changes in the bank statement were so slight as to have no influence and particularly so as money is not a factor in the market now. Stocks were weak today first because of the sentimental reaction that is beginning in connection with the universal military service law and second, because of rumors of bad news coming from Russia by way of Washington.

Wheat at \$2.79.3-4 a bushel for the May option today marked an advance of 11 2-4 comts overnight and another new high

There is a growing demand low prices. rise.

at Washington regarding food prices. rise.

"From the large quantities of borrowed wring that the continued rise "From the large quantities of borrowed wring that the continued rise "From the large quantities of borrowed wring the large quantities will be a large quantities of borrowed wring the large quantities of borrowed wring the large quantities will be a large quantities of borrowed wring the large quantities will be a large quantities of borrowed wring the large quantities will be a large quantities of borrowed wring the large quantities will be a large quantities will be Wall street fears that the continued rise in the price of food added to compull stocks returned to the lenders during sory military service may cause serious the last two days, it is apparent that

Another announcement pretending to be on official authority was made today to the effect that the United States Government is to make no effort to get lower prices for the allies. If this be true, it will means increased earnings for all the copper and steel companies. In the early trading copper responded to this influence with such machine-like arecision as to make the announcement appear to be part of the publicity work of some copper company. Utah copper rose for subscription, caused the more

pear to be part of the publicity work of some copper company. Utah copper rose a point on the report.

Another market movement that attracted attention out of proportion to its importance from a financial standpoint was a new high record for the movement in submarine boat. Wall street has heard so much of the German submarines that it is wondering what the English submarines are doing. If Engand loses this war the loss may be fairly placed on its policy in regard to submarine boats.

The opinion now prevails the market will continue in its precent irregular trading position for only moderate fresh upturns pending definite information on the bond issue."

Washingtonian Visits United Magma

In the Interest of Washington Stockholders and Sends the Following Telegram:

Phoenix, Ariz., April 28th, 1917.

Wr. Harry Lefkovits, New York, N. Y.:

Visited United Magnin property today, and the opinion of many miners of long experience from different districts who I conferred with, including a geologist once employed by our government, is to the effect that United Magma has the making of one of the greatest mines in the Superior District. None of these men are interested in the success of the mines. They all consider location of United Magma the heat in the camp. Found excellent grades of copper and ledges of gold and silver that carry high-grade ores. These are all open, and any person visiting the property can see and learn the same as I did. Work on the property heing pushed rapidly. Personally, I consider the property wonder since inspecting same. Will be home next week.

Market closed Saturday 45 bid, 47 asked. Has dollar possibilities straight ahead. Don't Exchange United Magma for Any Other Stock.

Don't Sell It.

If your United Magma certificates have not been delivered demand m and communicate with me DIRECT today. Write for daily mar-

young, per pair, 20a28.
DRESSED POULTRY-Fowls, 12 to box, dry

NEW YORK CURB MARKET. New York, April 28.—There was little to arouse interest in the curb market today, the usual Satur-day session accompanied by the usual steadying around yesterday's levels. Oils on the whole were dull and featureless. The industrials were about steady and uninteresting. LIKELY FROM CANADA Conditions imposed by Lord North-cliffe, owner of the London Times, in complying with the request of the Fed-eral Trade Commission, that he enter an agreement to turn over to American newspaper publishers the excess of his newsprint paper mill in Newfoundiand. Were yesterday agreed to by the trade commission.

CHICAGO GRAIN MARKET

from 2.36 to 2.39% and closed at 2.28 and 2.28 in various parts of the pit, coupled with resting spots of 2.39% and 2.29% at the close of Priday. September dectined under this pressure from 2.00 to 1.86 and closed at 1.59% and 1.91, compared with closings on Friday of 1.91% and 1.92. Corn and oats were as uncertain this week as a Chicago wind. While the trade was large it showed a falling off as compared with several pre-vious weeks. There was a good volume of business in hog products with the demand showing considerable breadth. Furnished by W. B. Hibbs & Co.

OTIS B. KENT PROMOTED.

Otis B, Kent's many friends in the In-

Mr. Kent entered the service of the Interstate Commerce Commission on De-cember 5, 1907. Since taht time most of

his work has been in the legal service of the commission. Until about two years

violations under the safety appliance and

hours of service acts. During the past two years he has been acting as one of the assistants to the chief counsel of

WILL CELEBRATE CZAR'S FALL

A meeting, under the auspices of the combined Jewish organizations of this city, in commenoration of the revolution and overthrow of the Russian autocracy will be held this evening at Eighth Street

Temple at 8 o'clock. Rev. Dr. A. Simon and John J. O'Zall, former member of

the Russian Duma, will be the principal

allied governments, has bought no Winnipeg wheat futures on the last 40 odd cent advance and that they have sufficient grain for present requirements, there was a break in the May future from 2.5% to 2.67 at Chicago, but there was a reaction and ad-vance to 2.16%, where the market closed, against a closing of 2.6% and 2.6% on Friday. July broke from 2.36 to 2.30% and closed at 2.56 and 2.25 in various parts of the ret, comiled with resting

the commission.

New York, April 28.—Aggressive and active buying of cotton strengthered the market today and prions made new high ground for the movement. July selling up to 20.06, or 128 points above the low level of a week ago. In addition to vigorous covering there was considerable new purchasing. Heavy rains were shown in parts of Oklahoma and Tenas, but were jurity offset by feats of cold weather following.

Barly in the session the dealings were small and until prions were easy at a decline of 5 to 11 points. Right after the start there was a sudden unward movement, reports of low temperatures in the Southwest counteracting the beneficial moisture there. Trade interests bought the new crop options. Realising checked the upward movement toward the middle of the morning and prices eased a few points but the advence was resumed again and it continued to the close, which was irregular at a net gain of 29 to 36 points.

Fort receipts for the day were estimated at 8,000 bales, compared with 10.121 last week and 11.961 last year.

Spot here was quiet and 25 points higher at 20.65 for midulation; there were no sales. The spot article at New Griens was firm and 19 points higher on the basis of 19.85 for middling. Sales were 8,141 bules.
